Introduction

A PRINTABLE COMPANION TO THE MONTH 12 module. Close the year deliberately so you don't carry it into the next.

CHAPTER 1

How to use this workbook

PRINT IT. PUT IT SOMEWHERE YOU'LL SEE IT daily through December.

This is a 30-day commitment workbook, not a one-time fill-in. You'll use it across the whole month — 15 minutes daily of the reset practice, plus the inventory and the intention-setting somewhere along the way.

Bring it to your January session.

CHAPTER 2

Year-End Body Inventory — Where You Are Today

TAKE 10-15 MINUTES FOR THIS. BE HONEST.

This is the baseline you measure against.

For each major area: rate pain and mobility, and compare to January of this year

ARY	PAIN	MOBILITY	vs JANU-
same/worse	(0-10)	(0-10)	better/

Three questions

What got better this year?

What got worse this year?

What stayed the same that shouldn't have?

CHAPTER 3

Reflection Prompts

PROMPT 1: NAME THREE SPECIFIC THINGS FROM this year that your body absorbed — a stressful event, a relationship strain, a physical task that wore on you, anything. Where in your body do you feel each one right now?

1.

Body location:

—

2.

Body location:

—

3.

Body location:

—

Prompt 2: If your body could write a letter to you summarizing this year, what would it say?

Prompt 3: What ONE thing did your body try to tell you this year that you didn't fully listen to?

CHAPTER 4

Your ONE Body-Care Intention for the New Year

NOT FIVE. NOT THREE. ONE.

The intention has to be specific, trackable, daily or weekly.

My ONE intention for the new year:

How I'll measure it:

Where I'll write this so I see it daily in January:

CHAPTER 5

30-Day Reset Tracker

FOR DECEMBER, MARK EACH DAY YOU DID THE 15-minute reset practice (5 min breathing + 5 min stretching + 5 min stillness).

CHAPTER 6

End-of-December Reflection

AFTER THE 30 DAYS, LOOK BACK.

Days completed (out of 31): _____

Re-do the inventory — any area that changed significantly:

Which component of the daily reset worked best for me?

- ☐ The 5-minute breathing
- ☐ The 5-minute stretching
- ☐ The 5-minute stillness

What's the difference between how I feel right now vs. November 30?

Restate the ONE intention I'm carrying into the new year:

CHAPTER 7

Try this for 7 days (the on-ramp version)

IF YOU CAN'T COMMIT TO THE FULL 30 DAYS,
start with this:

**5 minutes of stillness, before bed. Every night.
For one week.**

Just sit or lie down. Eyes closed. 5 minutes. Don't do anything.

If you do nothing else from this workbook, do that. It's the smallest possible version of the reset. It still works.

Most people who start with just the 5-minute stillness end up adding the breathing and stretching naturally within a couple weeks because the stillness alone reveals how much they need the others.

Bring this workbook to your January session.
